Highlights

Wireless Streaming with PC
Using a Wi-Fi network, enjoy your favorite songs as they continuously stream from your PC's music library to the Streamium Wireless music center or to the station(s), or from the Streamium center directly to the station(s). Whether your audio collection is stored on the Streamium or on your PC, you can fill your entire home with the same song or play a different track in each room ¡V the choice is yours. There are no wires, no cables and no hassles. Enjoy the freedom of listening to all your audio anywhere you want in your home.

My Room, My Music
With My Room, My Music, each member of your family can select and play their favorite music from the stored collections in the Streamium Wireless music center. Multiple User Access technology simultaneously streams music selected from the Streamium center to the station. One Streamium can stream music to up to five Stations, giving you six different music options for the whole family to enjoy in any room - simultaneously and instantly.

Music Broadcast to Stations
Be your own DJ at your home party and simultaneously broadcast your favorite dance music from the Wireless Music Center to all Wireless Music Stations installed in various parts of your home. Great for parties!

Music Follows Me
Music follows Me feature allows you to bring your favorite music from room to room in your house without having to restart navigation and playback of that particular track. By simply pressing a button, your favorite song will follow you anywhere you go in your house.
